

## GET CONNECTED WITH EVOQUA'S TOOLDOX<sup>SM</sup> PORTAL

EVOQUA NOW OFFERS A SECURED, ONLINE PORTAL FOR YOUR SERIALIZED EQUIPMENT DOCUMENTATION

Evoqua Water Technologies is offering a new, convenient tool to enhance and simplify our customers' experience through the life of their equipment. This secured, online portal comes standard with each new equipment purchase, and is extended to all current customers as well. The ToolDOX<sup>SM</sup> site houses all Operation and Maintenance (O&M) information previously found in hard copy.

We want to make doing business with Evoqua easy, with our highest priority to provide advanced tools to support your ongoing maintenance efforts. The ToolDOX portal makes ordering parts and service seamless, offering interactive equipment drawings with exploded views, easy-to-find part numbers, and one-click parts ordering and service requests.

### Find everything you need to know about your equipment in just a few clicks!

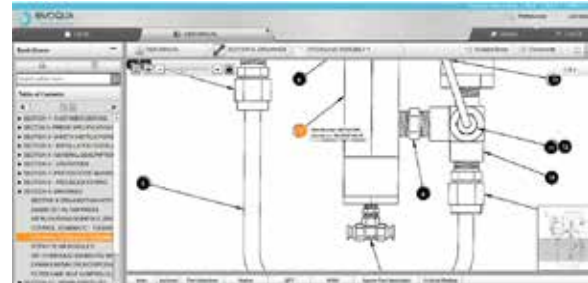

- Comprehensive operating and troubleshooting procedures
- Interactive equipment drawings that offer exploded views with part numbers and easy-to-read callouts
- Corresponding Bill of Materials (BOM) for each assembly drawing
- Applicable manufacturer's literature
- Simple "Request for Quote" and "Request for Service" functions to easily identify and order parts, or request equipment service maintenance online
- .PDF/Print capabilities if you need a hard copy of your equipment manual
- Ongoing updates and announcements related to Evoqua and its equipment

With Evoqua's ToolDOX website, your information is secured, **specific to your serialized equipment** and always kept up to date.

Manuals and other documentation are available 24/7 through your desktop, tablet or mobile device - with special features that allow you to access information on or offline.

The only thing better than all of the features and benefits of the ToolDOX portal is that **this service is free!** Simply because you are a valued customer of Evoqua.
