

GET CONNECTED WITH EVOQUA'S TOOLDOX™ PORTAL

EVOQUA NOW OFFERS A SECURED, ONLINE PORTAL FOR YOUR SERIALIZED EQUIPMENT DOCUMENTATION

Evoqua Water Technologies as a new, convenient tool to enhance and simplify your experience through the life of your equipment. This secured, online portal comes standard with each new equipment purchase, and is extended to all current customers as well. The ToolDOX™ site houses all Operation and Maintenance (O&M) information previously found in hard copy.

We make doing business with Evoqua easy, with our highest priority to provide advanced tools to support your ongoing maintenance efforts. The ToolDOX portal makes finding parts and requesting service seamless.

Find everything you need to know about your equipment in just a few clicks!

- Interactive equipment drawings that offer exploded views with part numbers and easy-to-read callouts
- Corresponding Bill of Materials (BOM) for each assembly drawing
- Applicable manufacturer's literature
- Simple "Request for Quote" and "Request for Service" functions to easily identify and order parts, or request equipment service maintenance online
- Ongoing updates and announcements related to Evoqua and its equipment

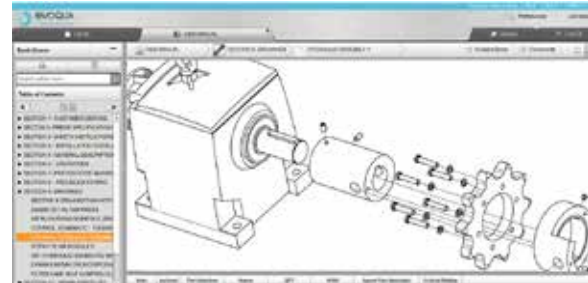

With Evoqua's ToolDOX website, your information is secured, **specific to your serialized equipment** and always kept up to date.

Register for the ToolDOX portal and we will send you an updated label to place on your equipment.

Manuals and other documentation are available 24/7 through your desktop, tablet or mobile device - with special features that allow you to access information on or offline.

The only thing better than all of the features and benefits of the ToolDOX portal is that **this service is free!** Simply because you are a valued customer of Evoqua.

www.evoqua.com/intake-tooldox

Easily navigate your equipment through an intuitive interface.

If your intake equipment or housings have these names on the side, we have original drawings and specifications - regardless of your equipment's age!
